

Stop It Now!

Stop It Now! prevents the sexual abuse of children by mobilizing adults, families and communities to take actions that protect children before they are harmed.

We provide support, information and resources to keep children safe and create healthier communities. Since 1992, we have identified, refined and shared effective ways for individuals, families and communities to act to prevent child sexual abuse before children are harmed - and to get help for everyone involved.

Their Vision

Adults engage in respectful, caring behavior with children and other adults to create safe, stable and nurturing relationships for all children. Children grow up free of trauma from any form of violence including sexual abuse and exploitation.

Join with us to keep children safe!

Since 1992 Stop It Now!® has been preventing the sexual abuse of children by helping adults, families and communities take actions that keep kids safe - especially before they are ever harmed.
